It exposes students to real-world information, encouraging them to question, analyze, and draw conclusions. From biographies to historical accounts, our students are delving into diverse topics that not only enhance their literacy skills but also foster a deeper understanding of the world around them.

### **Week 2, June 10-14 Fairy Tales**

safety, health, and overall well-being. Throughout the week, our students will learn about various community helpers, including police officers, EMTs, mail carriers, and firefighters. We have planned engaging activities and discussions to help our students gain a better understanding of the valuable contributions made by these dedicated individuals.

#### **Week 8, July 22-26                      Farm Week**

This week we will be exploring the fascinating world of farms and farm life. We will be delving into topics such as the various animals that inhabit farms, the daily life on a farm, and the crucial role farms play in providing us with the food we consume. Our goal is to provide students with a hands-on understanding of where our food comes from and the importance of farming in our lives.

Each student at camp is expected to exhibit cordial and respectful behavior. Inappropriate or disruptive behavior will not be tolerated. Referrals made to the administrator for behavior may result in disciplinary action. A progressive discipline plan will be followed. Consequences may range from a conversation regarding behavior to expulsion from current and all subsequent summer camps. Circumstances of the situation, and the severity of those circumstances, may determine the level of discipline and preclude the progressive path. Severe infractions or when the safety of a student/students is involved will result in immediate referral to the administrator. Students suspended or expelled due to behavior infractions will not receive a refund of any deposits paid.
